Subject: Contract Assignment to AECOM Technical Services, Inc.
Professional Services Agreement – Resolution No. 8315

Dear Mr. Sharp:

The City of Leesburg and AECOM USA, Inc. are currently under a contract dated October 27, 2008, for AECOM to provide professional engineering services to the City of Leesburg. As you may be aware, AECOM Technology Corporation is integrating its operations in order to provide improved coordination of AECOM expertise and resources across business lines and geographies.

As part of this integration, AECOM Technology Corporation is consolidating various subsidiary companies under one of its wholly-owned subsidiaries, AECOM Technical Services, Inc. ("ATS"). ATS is a California corporation with Tax Identification Number (TIN) 95-2661922. ATS will be the company's primary contracting vehicle in North America for all business lines and geographies. This consolidation is a benefit to all of our clients by providing a single point of contact and broader base of resources to serve you. Accordingly, we respectfully request your consent to assign and transfer our existing contract with the City of Leesburg to ATS.

To effectuate the above, we have enclosed, for your convenience, two (2) copies of an Assignment Agreement. Please have an authorized representative date page one and sign page two. You may keep a copy for your records, but please return the other to my attention. Upon execution, ATS will assume all obligations under the contract. Of course, all of the terms and conditions set forth in our contract will remain in effect and the insurance coverage will remain the same. Likewise, you will continue to receive the quality service to which you are accustomed, and the same personnel currently providing services under our contract will continue to do so. We understand some clients have a prescriptive process to follow to assign a contract. The provided Agreement is not meant to usurp this process, but merely a convenience for you. We are prepared to follow your process as required. Upon receipt of the executed Assignment, Insurance Certificates will be provided as defined in our contract.

Also enclosed you will find for your reference:

- W-9 for AECOM Technical Services
- Two (2) executed copies of the applicable assignment
- AECOM Technical Services Florida Business Certificate
- AECOM Technical Services Florida Engineering License
- Delegation of Authority letters

As we transition to an integrated structure, we remain committed to the City of Leesburg's success. We look forward to building our expanded capabilities to meet your current and future needs. I want to thank you in advance for your cooperation in this matter. Please call me if you have any questions or require any additional information.

Sincerely,

A handwritten signature in blue ink that reads "C. Scott Lee". The signature is written in a cursive style with a light blue background behind it.

C. Scott Lee, PE
Client Services Manager
